

# HOW TO LISTEN TURKISH RADIO CHANNELS

## Samsung DSR 2700

Go to DFH1 or DFH3 and press “ALT” button on the remote control to change the audio channel on the video channel. This will allow you to get the second audio on a video channel. Video and audio will not match.

## DFH Digital Version 2

You can press “Radio” and “TV” buttons on the remote control.

## DFH Digital Version 3

You can press “Radio/TV” button on the remote control to switch back and forth between Radio and TV Channels.

## Hybrid HD Receiver

Press “OK” on your remote control. This will bring the channel list on your screen. Press the red colored button on your remote control to switch to and from TV channel list to Radio channel list. Press “OK” on desired channel.
